Spiral light over Norway – the ‘star’ that heralds Maitreya’s emergence

The enormous, spiral light with its glowing centre, seen over Norway on 9 December 2009, has excited and baffled thousands of Norwegians including astronomical experts. What does it mean?

On 12 December 2008 Share International Foundation announced that a large, bright ‘star’-like object would soon be seen in the sky. It is a sign heralding the imminent appearance of Maitreya, the World Teacher, on His first television interview, which will take place in the USA.

The ‘star’ is really one of four enormous spacecraft placed around the world. Since December 2008 numerous sightings of the ‘star’ have been reported on YouTube and television news programmes. *Share International* magazine has received hundreds of photographs showing the ‘star’ in a variety of stunning colours and shapes.

The huge spiral manifestation over Norway is an extension of the work of these spacecraft and is irrefutable evidence of their reality. Our information is that further such manifestations are planned for the near future.
